### Family First Prevention Services Act (FFPSA)

- The team is attempting to define identified evaluation criteria in order to evaluate the Parent Education Programs Evaluation Spreadsheet. Some areas to be considered will be including: attendance, % of participants who completed program, funding source, whether funding source is time limited, program duration, program frequency, and qualitative measures. Providers will be requested to add this data to the spreadsheet for the programs they want to be considered for the FFPS funding. The provider agencies should also be prepared to provide an overview of what the expansion/enhancement would look like. The team will hopefully revisit program evaluation in mid-July.
